From *the President*

Dear Colleagues and Partners,

It is my pleasure to welcome you to the BACD Media Kit for 2027 and to invite you to be part of an exceptional year ahead.

Since 2003, the British Academy of Cosmetic Dentistry has been dedicated to a clear purpose: supporting the dental profession in providing exceptional, ethical cosmetic dentistry. We promote clinical excellence and lead the profession to ever-higher standards.

What began as a group of passionate practitioners who saw a need to share their knowledge has grown into the largest cosmetic dental academy in Europe. Today, the BACD stands on the world stage as one of the most influential and forward-thinking organisations in our profession; a dynamic community united by a commitment to excellence, innovation, and integrity.

The value of partnership

None of what we achieve is possible in isolation. The BACD is built on collaboration — between clinicians, technicians, educators and the industry partners who share our vision.

With warm regards,

Dr Christopher Leech

BACD PRESIDENT 2027

For our partners, working with the BACD offers more than visibility. It offers credibility. Our members are discerning professionals, including practice owners, decision-makers and early adopters who trust the Academy to uphold the highest standards. That trust extends to the brands we work alongside.

Whether through our events, our communications or our educational programmes, partnership with the BACD places your brand at the heart of a community that values quality, innovation and ethical practice.

An invitation to collaborate

As we look ahead to 2027, I invite you to join us on this journey. From our flagship Annual Conference and Gala Dinner to Young Dentist Day, regional meetings and new digital opportunities, there has never been a better time to align your brand with the BACD.

Together, we can continue to drive the profession forward, sharing knowledge, raising standards and shaping the future of cosmetic dentistry.

I look forward to welcoming you as a partner.

Who you *will* reach

The UK's leading academy for cosmetic dentistry, supporting the profession through conferences, accreditation and education since 2003.

Our dentists include practice owners with purchasing authority, decision-makers shaping clinical and business strategy, and leading clinicians who are first to adopt new technologies, products and services.

OUR MEMBERSHIP

Dentists

The largest share of our members: general dental practitioners, practice owners and cosmetic specialists.

Young and early-career dentists

A major growth segment, including dentists within three years of qualifying and undergraduate dental students.

Dental technicians

Laboratory professionals and ceramists involved in cosmetic restorations.

Dental care professionals

Dental nurses, hygienists, therapists and practice teams.

BEYOND THE CHAIR

Clinical gatekeepers

They evaluate, manage and procure operational supplies, technology and clinical consumables.

Patient advocates

They spend extended one-to-one time with patients, directly driving retail sales and whitening regimens.

Affluent consumers

Well-compensated professionals in private healthcare, many with significant disposable income for lifestyle, luxury and wellness brands.
